

Integrated Multiphase Solutions Questionnaire

Please complete and return to Jiskoot

Customer ref: _____
 JAC ref: _____
 System type: _____
 Well Name: _____

Production data

Fluid properties	Design requirements	Site requirements
Crude viscosity _____	Pressure _____	Line size _____
Crude pour point _____	Temperature _____	ANSI rating _____
Gas SG _____	Test pressure _____	Flange type _____
Max H ₂ S content _____	Piping design code _____	Zone certification _____
Max Co ₂ content _____	Power availability _____	Location (offshore etc) _____
Max N ₂ content _____	Ambient temp range _____	
Max sand content _____	Special instructions: (Nace etc)	
Max particle size _____	_____	
Water salinity _____	_____
